Model file name: 1ehz-tRNA(thick).stl

Authors: Michelle E Howell, Karin van Dijk, Rebecca L Roston

This is a teaching model of Phe-tRNA in a thick stick-representation (PDB: [1ehz](#)), designed to go with a teaching module comparing DNA and RNA basic structures and functions. The printable model is already uploaded to [Shapeways.com](#) in the [MacroMolecules](#) shop under the name "[tRNA-Phe small](#)". This model has been printed successfully using these parameters on Shapeways' laser sintering printer in the following materials: Strong & Flexible Plastic and Elasto Plastic.
